SPIKEY COSBY PAYS GREENSBORO A VISIT FOR CAUSE.

Comes to Take His Place in the Microbe Incubator to Await Court—Personal

Correspondence of the Telegram.

High Point, April 23—Mr. R. C. Charles returned Saturday from Waughtown where he visited the bedside of his brother-in-law, Mr. Nissen, who is quite sick.

The peace and tranquility of some of our inhabitants were disturbed yesterday afternoon by a racket among some "cullud pussons" on the old Bencini row. For awhile razors and rocks flew in the air but on the appearance of officers everything was quiet as you please."

"Spikey" Cosby a barber of the "cullud pursuasion" and his associate, also colored, were arrested Saturday evening for retailing liquor. They were given a hearing before Mayor J. J. Cox, and in default of bond, $50, were sent to jail at Greensboro on the 9 20 pen train. We learn that there are five cases against them for dealing out the damning fluid and if this be so they will not be able to serve their former patrons for some time to come. Wescott Roberson, Esq., was the prosecuting lawyer and he made an excellent talk, pointing out the damning influence such demons in human form were making on the young men of our town and plead for a total annihilation of the vipers. Let the good work go on.

Prof. T. A. Smoot of Greensboro Female College spent yesterday here and in the evening preached an excellent sermon at the M. E. church. Mr. Smoot's friends are always glad to see him.

Miss Florence Blair, of Asheboro, is in the city to the delight of her many friends.

E. V. Hobbs, of Spray, was a visitor in our town Saturday evening.

Wiley Rush come over from Asheboro Saturday afternoon.

Dr. J. W. Petty, of Winston, was here Saturday on business.

El H. Smith, who is with the Baxter Shemwell Drug Co., Asheville, arrived here yesterday to visit relatives.

Mrs. R Page, of Biscoe, was here Saturday.

La Grippe, a popular malady among our inhabitants, has had your correspondent in custody for the past few days but he is glad to say that the monster has somewhat loosened its grip and that he is able to enjoy a furlough.

R. Crawford represented Asheboro Saturday.

[illegible] of the town of Steeds, was [illegible] on this manufacturing town Saturday.

A gentleman who boards with a Mr. Hill in the Southeastern part of the city has developed a case of varioloid. Those who came in contact with the man at the boarding house have been quarantined.

Dr. W. O. Jones who has been confined to his room for the past five weeks with la grippe improves very little.

If you haven't registered you had better do so at once if you want to vote in the many elections. This year's registration is an entirely new one, act quick.

E. C. Lovelace, the barber, has moved his place of business to one of the rooms under the Edwards house, where he will be pleased to serve all his former customers.

"Jess" Edmondson—you all know him—says he is fighting "those grips" and hopes by praying, more than usual to down his "antagonists." Sensible talk!

Claude Barbee has returned from an extended stay in proud old Richmond on the James. He is looking better than usual, so says the "sweet bunch of daisies."

Jesse L. Armfield came down from Thomasville Saturday night and spent yesterday with relatives.

Since information has been given out that the government experts will observe the eclipse at a point between Southern Pines and Pinehurst next month several of our citizens are contemplating a trip there. Better stay at home that day your folks will need you in that dark period.

Frank Brown is painting things right and left at Pinehurst these days.

Dr. W. G. Bradshaw will deliver the alumni address at Trinity College, Durham, Tuesday, June 5th.

Mrs. Smoot accompanied her husband here yesterday and was the guest of Dr. and Mrs. W. G. Bradshaw.

Miss Martha Leach aged 58 years died at her home in Trinity last night. La grippe and pneumonia caused her death. She will be buried at Trinity tomorrow morning. Miss Polly Leach an elder sister of the deceased lady died in Trinity last Friday night and was buried yesterday. La grippe and pneumonia also caused her death.

WILL BE NO JOINT DISCUSSION.

POPULIST COMMITTEE SEEKS TO THWART PARTY WILL.

Mr. Simmons Cleverly Turns the Trick of the Peerless Statesman And Puts Him Out.

Replying to Senator Butler's request for a joint canvass between the Populist and Democratic candidates, Chairman Simmons neatly takes the wind out of Butler's sails. He replies:

"I received today your letter of yesterday, in which you suggest a joint debate between the candidates of the Democratic party for State offices and the candidates of the People's party for like positions. The question to be presented to the people for their approval in August and around which all other questions centre, is the adoption of a constitutional amendment. The People's party in its late State convention, while urging objections to the amendment, declared concerning it: 'We do not make it a party question,' and expressly said it must be determined by the judgment and conscience of each individual voter.

"In your letter you ask for a joint debate upon the amendment, thereby disclosing a purpose on the part of the organization of your party to commit your party to a position which it has expressly refused to take in its State convention. This attempt to raise an issue not made by your convention is manifestly the result of a secret understanding with the Republican party and in line with the action of your party organization to commit your party to a position which it has expressly refused to take in its State convention. This attempt to raise an issue not made by your convention is manifestly the result of a secret understanding with the Republican party and in line with the action of your party organization since 1894, which has been employed to foster schemes of co-operation with the Republican party and to prevent individual voters of the People's party from participating in the naming of candidates or dictating its policy. It is a matter of common knowledge in North Carolina that there is a perfect understanding between the leaders and Federal office-holding element of the People's party and the leaders of the Republican party, and in pursuance of this understanding they have secured the nomination of a state ticket and asked for a joint debate in order to divide and divert the attention of the white people, while their Republican allies are engaged in their schemes of attempting to again fasten negro rule on the state. Later on, by these same tactics, the People's party will undoubtedly be led into fusion with the republican party upon the legislative, county and congressional tickets in all counties and districts where it is thought fusion will defeat of the amendment and perpetuate negro suffrage in North Carolina.

"Under these circumstances it is impossible to consider the organization of the people's party as now constituted and controlled in North Carolina as having any existence separate and independent from that of the republican party. Until the organization of the people's party in this State proves its right to be treated as a political entity, separate and distinct from the Republican party, by refusing to fuse with that party upon State, county, legislative and congressional candidates, the Democratic party cannot consider your proposition.

"Concerning the suggestion contained in your letter as to a joint debate between you and the Democratic candidate for the senate, you are informed that the Democratic party has no candidate for the senate and that it does not propose to discuss or consider the senatorial question until after the question whether North Carolina is to be governed by the white men or by the negro has been settled in the August election. From that paramount and all-absorbing question the Democratic party does not propose to be diverted, either by a senatorial contest, sham tickets or cunningly devised schemes to 'play politics.'"

A Wrong Impression Corrected.

To the Editor of the Telegram.

We desire through your most worthy paper to corect or prevent any misinterpretation that might be inferred from an article appearing in the Daily Record of April 21st issue, entitled "A Hospital or not?" Could it be presumed by any one noting the united force of the medical fraternity of Greensboro in so grand and charitable cause, that there would be any question raised as to its validity? This force constitutes every member of the profession, not one excepted, who have pledged themselves by ascribing their signatures not only to promote the enterprise and establish a hospital, but will do all in their power to maintain and support the institution. Another inference and questioned i. e. "It may not be a paying institution from the start." Only those who are worthy of charity will be benefited, and it is not for any pecuniary gain of the physicians. The future of the institution does not depend altogether upon the business judgment of the physicians, but equally upon the charitable and public spirited people of Greensboro.

W. S. TAYLOR A REFUGEE.

IN NEW YORK BEGGING GOVERNOR ROOSEVELT FOR AID.

Ex-President Harrison Pleaded With to Take His Case But Has Too Many Other Engagements.

The Telegram of last Friday said that Governor Taylor, of Kentucky, had been indicted by the Franklin county grand jury as an accessory before the fact of the murder of Goebel.

The indictment was found along with that of Golden and Davis, but there was an attempt to conceal the one against Taylor. The New York World of yesterday says:

W. S. Taylor, Governor of Kentucky, is in New York in consequence of the finding of an indictment against him by the grand jury of Frankfort charging him with being an accessory before the fact to the murder of Wm Goebel.

He appealed to Governor Roosevelt yesterday afternoon, asking that any demand for an extradition be denied.

The interview between the governor of Kentucky and the governor of New York lasted for an hour and a half. The utmost secrecy was observed in the coming of Governor Taylor to the home of Douglass Robinson, brother-in-law to Gov. Roosevelt, in his stay there and in his departure. During the visit of Governor Taylor, several delegations called on Governor Roosevelt and many visitors were received. To no one was the presence of Governor Taylor known, for he was seated in a corner chair in the dining room and the folds of heavy red curtains intervened between this and the drawing room. Governor Taylor arrived in New York from Washington where he has been preparing his case for the supreme court. The information that he had been indicted caused a sudden change in his plans. The indictment was not anticipated. At first the fact was disputed, but Friday night friends of the governor were informed that the report of the indictment which had become known in a mysterious way, was absolutely correct. A consultation was held. Some advised that the governor should join Ex-Secretary of State Finley, of Kentucky, also under indictment, in Indiana. It was feared that if Governor Taylor remained in Washington, the requisition of Governor Beckham would be honored. The most feasible plan, and the one offering to the Kentucky executive the greatest hope of immunity, was his trip to New York, and an interview with Governor Roosevelt.

Governor Taylor called on Ex-President Harrison at the Fifth Avenue Hotel, shortly after noon. He made a desperate plea to the ex-president to reconsider his decision not to act as his counsel. General Harrison heard Governor Taylor courteously, but firmly informed him that it would be impossible for him to take up his case, either before the supreme court of the United States or before the Kentucky courts, when the trial of the governor on the indictment will come up.

General Harrison said: "It was not that I do not believe in the course of Governor Taylor that caused my refusal to act as counsel for him. I had so many engagements that I could not take his case. I was never formally approached. Friends of Governor Taylor asked me if I cared to take up his case, as I say, and I declined because of my numerous engagements.

"I cannot discuss what Governor Taylor said to me today. I will say this, that I have not agreed to connect myself with the case."

RUN THROUGH A FOREST FIRE.

AN ENTRAPPED TRAIN MAKES A GREAT DASH.

Of Two Hundred People Only Thirty Are Safe—Others in the Forest.

By Wire to the Telegram.

Winningpeg, April 23—Forest fires in the southeastern border are still raging. An entrapped train that succeeded in breaking through the flames arrived this morning after one of the most thrilling trips in the history of railroading. A number of fugitives came along. The latter had lost all property, and stood up to their necks in water to escape the heat. Two large lumbering outfits are known to be burned. Of two hundred drivers and bushmen only thirty are known to have reached safety. The remainder are doubtless struggling in the woods for their lives. The total property loss is estimated at a million dollars

Food at $10 an Ounce.

"A few days ago," said a clubman, "I received a small jar filled with a peculiar brownish paste, which was sent me as a present by a young Chinaman who used to have a laundry here, but is now living in San Francisco. A letter which accompanied the gift explained that the paste was a combination of peanut buds and ginger jelly. That sounds like a joke, but it isn't.

"If you will break open the kernel of a peanut, you will find at the base a little cone shaped formation usually surmounted by two microscopic leaves. It is the life germ of the nut, and if planted would develop into a tree. As my friend Wong explained to me, the nuts are first roasted and then these minute growths are carefully extracted. They are so small it takes many thousands of them to fill a teacup, but when a sufficient number are collected they are put in a mortar and ground into a fine flour, which is subsequently mixed with the ginger jelly and rubbed down to a smooth paste.

"That sent me was about the consistency of cream cheese, and it had a peculiar aromatic taste that was rather pleasant. It is one of the queer semi-confections that the Chinese like to nibble at between courses, and as it costs $10 an ounce it is literally worth almost its weight in gold. I have eaten a little of the preparation, but I don't think I'm apt to acquire a taste for it." —New Orleans Times-Democrat.

Willie's Menu.

The New England small boy generally shows business capabilities at a tender age, if he is ever going to have them. I have heard of a certain small Boston boy who got into the habit of teasing his mother for pennies until at last she said to him: "Now, Willie, I don't like to give you pennies. If you want money, you should go to work and earn it."

The boy remained thoughtful for some time. Then within a few days the mother perceived that Willie had plenty of pennies. She wondered a bit where he got them, but did not question him. But one summer day she noticed that some sort of a hullabaloo was going on in the back yard. Looking out, she saw Willie surrounded by a mob of boys who were yelling with delight. She went down into the yard to see what was going on, and as she passed out she saw stuck up on the back wall of the house this notice, quite neatly "printed" out with a pencil:

WILLIE JONES WILL EAT

1 small green worm for	1 cent
1 large green worm for	2 cents
1 small fuzzy worm for	3 cents
1 large fuzzy worm for	5 cents
1 small green toad for	25 cents

Willie was apparently doing a thriving business. His mother interrupted it—at any rate, in her own back yard. I don't suppose that she had any assurance that he wasn't still carrying it on somewhere else.—Boston Transcript.

More Than Imagination.

A commercial traveler, whose wife is one of those women who borrow trouble indiscriminately, had occasion to make a trip east.

His wife was very anxious about him and felt certain that he would fall a victim to smallpox, which was reported to be prevalent in the city to which he was going. She begged him to carry a little lump of asafetida in his pocket to ward off contagion.

Naturally he objected and positively refused to be made the permanent abode of such a persistent odor.

When he came home from his trip, he said to his wife:

"It is wonderful, the power of the imagination. Why, don't you know, I imagined that I smelled asafetida the whole time I was gone."

"It wasn't imagination at all," quietly replied the wily little woman. "I sewed a bit of asafetida in the corner of your coat before you went away!"—Memphis Scimitar.

A Flying Star.

On a summer evening you may see Arcturus high up in the south or southwest in June or July and farther down in the west in August or September. You will know it by its red color. That star has been flying straight ahead ever since astronomers began to observe it at such a speed that it would run from New York to Chicago in a small fraction of a minute. You would have to be spry to rise from your chair, put on your hat and overcoat and gloves and go out on the street while it was crossing the Atlantic ocean from New York to Liverpool. And yet if you should watch that star all your life, and live as long as Methuselah, you would not be able to see that it moved at all. The journey that it would make in a thousand years would be as nothing alongside its distance.—Professor Simon Newcomb in Youth's Companion.

MONDAY, APRIL 24 1900.

THE "CITIZENS MEETING."

An anonymous call, signed "Many Citizens," which is being circulated on the streets today, says "all citizens of Greensboro in favor of good city government, without regard to their political affiliations," are requested to meet in the court house tonight for the purpose of selecting a ticket for Mayor and Board of Aldermen to be voted for in the coming election on May 7th.

This looks very innocent upon its face, but it is something that Democrats should examine very closely. Through its regular appointed channels, the Democratic party, which has for a number of years governed this city, has set a day for its primaries to meet, in which primary every man has a right to vote for his choice. There can, therefore, be no pretention that he cannot vote for as good men as the city affords. What reason is there, then, for "many citizens," to try to have a snap convention of a few individuals and put out a ticket in opposition to the one which will be nominated by the regular Democratic primary?

Clearly there can be but one reason for this, and that is simply that the people who are behind the dark signature of "many citizens," are opposed to the Democratic party, and are already laying plans to defeat its nominees, one of which plans is this very movement. It is, therefore, very clear that Democrats should have nothing to do with this scheme, and should give the meeting a wide berth.

Such a movement can have only a disastrous effect, both in city and county politics. Opposition to the party in the city will breed and increase opposition in the county, and of all years, this one is the one in which Democrats cannot afford to countenance independent movements, which always result in injury to the party without accomplishing any good. Too much is at stake this year for Democrats to allow themselves to be misled by the generalities of any set of men who chose to sign themselves "Many Citizens," instead of giving their own names, to a scheme by which they wish to ensnare Democrats into joining the enemies of the Democratic party.

Democrats should stay away.

Senator Culberson introduced a resolution in the Senate Saturday, asking the president for information concerning the various foreign commissions appointed by him. If the congress hopes to adjourn in June, the Senator had best withdraw this resolution. Appointing foreign commissions has been one of McKinley's forts, and even a concise index of them would hardly be made in so short a time. A foreign commission is the President's panacea.

In Havana Saturday General Rivera, Secretary of Agriculture, had a long interview with General Wood regarding a letter the former had written urging a union of all political parties for the purpose of seeking independence by the end of 1901 Coupled with this statement is the one that General Rivera will this week resign his official position, which, of course, he has been asked to do. No Cuban would ever give up an office voluntarily. And since the General has to get out, he is for independence, see? The offices are the balm which heals the wounds of suffering Cuba.

Speaking of the demand for a revision of the Confession, the Charlotte Observer remarks:

It is, in reality, the existing scepticism as to the complete God-giveness, if we may coin the word, of the Bible itself that is leading to the demand for the cutting out of the third chapter of the Confession, and its overhauling in general.

Is this the case, or is it due to the disposition to have a more rational interpretation of scripture, one more in conformity with the real dictates and aspirations of the human heart, than is set forth in some of the old doctrines?

A writer estimates that we will this year get from Europe 600,000 immigrants. These figures are above the normal, but we see no reason stated why. No doubt it is an ever increasing burden of militarism which is sending these people from their homes, more than anything else. There is no doubt that great numbers of them come to escape the forced military service which exists in European countries even in time of peace. This estimate gives us this year 100,000 Germans. No doubt if the fact could be accertained, it would be found that a large per cent of these leave the beloved fatherland to escape the years of service in the Kaiser's army. The estimate also gives us 200,000 Swedes, Danes and Norwegians, all of whom make good citizens.

Dr. Stagg to Discuss the Race Question.

Rev. Dr. J. W. Stagg, pastor of the Presbyterian church of Charlotte, will deliver an address before the Unity Club of New Bedford, Mass., on the "Race Race Problem of the South." The Observer says:

As Dr. Stagg has been a careful student of sociological questions for years, his views on this subject will be of interest. It is no small compliment to him that he should have been selected as the Southerner to deal with the intricate problems of the race question from a southern point of view.

The conditions now affecting the negro race in the south will be discussed by Dr. Stagg under the heads of lynching, education, sociology and ecclesiasticism. All the phases of the negro preblem will be discussed in detail.

"What will you say about the amendment?" he was asked.

"I hold that the adoption of the constitutional amendment is the only solution of the race proplem," said Dr Stagg. "If it is adopted it will be recognized as a great good by the negro himself, as a wise measure by the nation and as a righteous act by the word.

J. DANIELS ORATOR.

HEALTHY OLD AGE SSS

The majority of persons upon reaching middle age and past find their blood becomes weak and thin, and diseases that were easily controlled in earlier life begin to affect the constitution.

Those predisposed to Scrofula, Cancer, Rheumatism, Gout and other hereditary troubles may escape till then, but as they age the blood, so long tainted and weakened by accumulated waste matters, is no longer able to properly nourish the body, and it becomes an easy mark for disease. At this critical period of life the blood must be re-enforced before it can perform its legitimate functions and rid the system of these poisons, and nothing so surely and effectually does this as S. S. S.

S. S. S. strengthens and enriches the blood, improves the appetite, and builds up the general constitution. It is not only the best blood purifier, but the best tonic for old people. It warms the blood, tones up the nerves, removes all taint from the blood, and prevents the development of disease.

S. S. S. is the only purely vegetable blood medicine known. Not one particle of mercury, potash or other mineral poisou can be found in it, and it may be taken for any length of time without harm.

S. S. S. is the only remedy that reaches deep-seated blood troubles like Scrofula, Cancer, Rheumatism, Eczema, Tetter, etc. It purifies and restores the blood to a healthy, normal condition, and makes it impossible for any poisonous waste materials to accumulate.

If you have an old running sore or an obstinate ulcer that refuses to heal, or are troubled with boils and carbuncles, try S. S. S. It never fails to make a quick and permanent cure of these pests. If your system is run down and you feel the need of a tonic, S. S. S. will strengthen and help you as it has many others to a happy, healthy old age.

S. S. S. cured Mr. H. Borden of Saumsville, Va., of a case of Eczema of thirty-five years' standing, after the best physicians in the surrounding country had failed. This was seven years ago, and there has been no return of the disease.

Mrs. D. R. Johnson, of Blackshear, Ga., was for years afflicted with a severe type of rheumatism, and had used every remedy known and recommended as a cure without receiving any benefit. S. S. S. promptly reached the seat of the disease and made a complete and permanent cure.

If you are in doubt about your disease, and will send us a statement of your case, our physician will give you any information or advice wanted, for which we make no charge.

A Chicago dispatch says that starvation has become a factor in the building strike. President Carroll, of the building trades council, estimates that 1,000 workmen are in actual want, and that with their families 4,000 persons are now in the acute state of suffering as victims of the strike.

THE BEST IN THE WORLD.

We believe that Chamberlains's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisements in our own own and other papers we purchased a bottle to see how it would affect us. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs —The Herald, Andersonville, Ind. For sale by C. E. Holton, druggist.

Words of Praise from a Banker

Mr. Chas. E. Currier, of the Atlanta National Bank, is very careful with his words, not only in financiering, but in his conversation generally. I consider it a medicine of high merit.

Was the ball that hit G. B. Steadman, of Newark, Mich., in the Civil War. It caused horrible ulcers that no treatment helped for twenty years. Then Bucklen's Arnica Salve cured him. A Mother's Duty is to see to it that her children begin early in life to shampoo their heads regularly once a week. In each instance, after the hair is thoroughly dry, some mild, health-giving tonic should be applied to the scalp to aid nature in creating the best possible growth of uniformly colored, lustrous, healthy hair—the most important feature in the make-up of beautiful women and handsome men. For more than fifteen years, the

has stood at the apex of all shampoo washes, while the "HAIR GROWER" has been equally successful in its efforts to return the injured scalp and almost lifeless to their original healthfulness.

THE APPALACHIAN PARK

Senator Pritchard Has Begun Definite Work--Virginia Sentiment on Disfranchisement.

Special to the Telegram.

Washington, April 23.—The proposition for the establishment of a national park in the southern Appalachian region of North Carolina, which has been dreamed and talked of for a long time, has at last taken definite shape, and the opinion is, of those interested in this most important matter, that it will not be many years before this ceases to be a mere dream, but will be a reality, a reality which will tend to perpetuate in the minds of future generations many of the incidents of the civil strife, in which that section of the south abounds. Senator Pritchard, whose interest has been enlisted in behalf of the proposition to establish a national park in this most beatiful region of the southland, has taken the matter up in definite form. He has presented a resolution which has been referred to the senate committee on agriculture, and which is preliminary to the actual establishment of such a national park. The resolution of the North Carolina senator provides for an appropriation of $7,500, which is to be expended by the secretary of the interior in an investigation of the forest conditions in the southern Appalachian mountain region of North Carolina and adjacent states. The bill proposed by the senator is to be added as an amendment to the agricultural appropriation bill.

Col. E. A. Webster, collector of internal revenue for the state of South Carolina, is in Washington for a few days. He is here for the purpose of attending to some business before the treasury department which requires action, and which will detain him a few days. Colonel Webster is one of the republican leaders in South Carolina, but is very popular among South Carolina democrats as well. In speaking of conditions in the south, he stated that the negro problem, if left alone, will settle itself. The negro is becoming an important factor in the development of the south and, according to Colonel Webster, he is acquiring education and seems to take care of himself without outside interference. If the negro suffers any violence from the hands of the white element, it is Colonel Webster's opinion that it is generally his own fault.

Representative Kluttz has offered bills in the house for the repeal of the bankruptcy law as it approved July 1st, 1898, and for the repeal of the war stamp tax act. Both of the measures have been appropriately referred to committees for consideration.

A gentleman from Virginia in the city yesterday said that the sentiment in Virginia in favor of a constitutional amendment, limiting negro suffrage in that State, is rapidly growing, and he believes that the people of Virginia are largely in favor of its incorporation in the State constitution. It will not be long he says before Virginia follows the example of North Carolina in this particular, and places its suffrage upon a higher plane than it now is.

DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. For sale by Grissom & Fordham.

Softleigh—"I often think I ought to marry, but really, I can't make up my mind, don't you know." Miss Caustique—"Yes, I think that would be a rather difficult operation."

FOR THE BABIES.

There is no better medicine for the babies than Chamberlain's Cough Remedy. Its pleasant taste and prompt and effectual cures make it a favorite with mothers and small children. It quickly cures their coughs and colds, preventing pneumonia or other serious consequences. It also cures croup and has been used in tens of thousands of cases without a single failure so far as we have been able to learn. It not only cures croup, but when given as soon as the croupy cough appears, will prevent the attack. In cases of whooping cough it liquefies the tough mucous, making it easier to expectorate, and lessens the severity and frequency of the paroxysms of coughing, thus depriving that disease of all dangerous consequences. For sale by C. E. Holton, druggist.

The dogwood tree now blooms and barks,
Spring poets tune their lutes;
And soon, within the suburban parks,
We'll gaily shoot the chutes.

MANY LIVES SAVED

In almost every neighborhood there is some one whose life has been saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy, or who has been cured of chronic diarrhoea by the use of that medicine. Such persons make a point of telling of it whenever an opportunity offers, hoping that it may be the means of saving other lives. For sale by C. E. Holton, druggist.

WE'VE GOT A VESUVIUS.

It Has Opened Up in Fine Shape and is Doing Well.

Colonel Horne, from Legaspi, Philippines, reports a volcanic eruption of great magnitude in our new possessions. He says:

"I have the honor to report the eruption of the volcano Mayon, eight miles from Legaspi, commencing on March 1st, in the afternoon about 2:30. At this time, with the naked eye, large stones could be seen thrown out. The eruption fluctuated from time to time, but gradually grew worse until large streams of red-hot lava could be seen at night, flowing down the mountain, one of which apparently has reached the sea, about six miles from here. For one day and night the eruption was accompanied by a rumbling noise, at times increasing to a roar, which was very terrifying; all the houses at Legaspi shook, windows and doors rattling.

"On the morning of March 3d this vibration and noise was very trying—there was no wind and the clouds of smoke could be seen reaching far into the heavens, perhaps five miles or more above the top of the volcano. This spread out and covered the town, the sun became obscured and a thin cloud of ashes fell constantly. It cleared in the afternoon sufficiently to show about one-half the crater at sunset, but the rumbling and roaring, with the flow of lava, continued all night. This morning, (March 4th) the eruption seems to be practically over."

STORY OF A SLAVE.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. Geo. D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle-working medicine is a godsend to weak, sickly, run-down people. Every bottle guaranteed. Only 50 cents. Sold by C. E. drogist.

The only way some men could make an impression would be by falling from a 16-story building into a mortar bed.

QUESTIONS ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and others. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by Grissom & Fordham.

COLD STEEL OR DEATH

"There is but one small chance to save your life and that is by an operation," was the awful prospect set before Mrs. I. B. Hunt, of Lime Ridge, Wisconsin, by her doctor after vainly trying to cure her of a frightful case of stomach trouble and yellow jaundice. He didn't count on the marvelous powers of Electric Bitters to cure stomach and liver troubles, but she heard of it, took seven bottles was wholly cured, avoided surgeon's knife, now weighs more and feels better than ever. It's positively guaranteed to cure stomach, liver and kidney troubles and never disappoints. Price fifty cents at C. E. Holton's drug store.

No woman can pin her faith on a husband without pin money.

BRAVE MEN FALL

Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, run-down feeling. But there's no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents at C. E. Holton's drug store. Every bottle guaranteed.

It is true that two many cooks spoil the broth, and equally true that one cook may usually be depended upon to accomplish the same result.

GLORIOUS NEWS

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by C. E. Holton, druggist. Guaranteed.

The man who lives to be three-score must feel like sixty.

H. Clark, Chauncey, Ga., says De Witt's Witch Hazel Salve cured him of piles that had afflicted him for twenty years. It is also a speedy cure for skin diseases. Beware of dangerous counterfeits. Howard Gardner.

BLOODSHED IN LOUISANA.

A Negro Kills a White Man and Then Commits Suicide.

Minden, La., April 21—A telephone message from Allentown, near the Bossier line, today gave the news of the killing of Will White by a negro. Mr. White had an occasion to reprimand the negro, and this morning after working two hours, while Mr. White's back was turned to the negro, he deliberately shot him in the back, killing him instantly. Immediately the negro ran to his house about a quarter of a mile distant and before a posse could apprehend him, he killed himself.

Another message this evening says two more negroes were taken out and riddled with bullets, they having admitted knowledge of the negro, Jeff Tolson's intention of committing the deed, and watched the murder. Their names are John Humely and Edward Amos.

REMARKABLE CURE OF RHEUMATISM.

Kenna, Jackson Co., W. Va.

About three years ago my wife had an attack of rheumatism which confined her to her bed for over a month and rendered her unable to walk a step without assistance, her limbs being swollen double their normal size. Mr. S. Maddox insisted on my using Chamberlain's Pain Balm. I purchased a fifty-cent bottle and used it according to the directions and the next morning she walked to breakfast without assistance in any manner, and she has not had a single attack since.—A. B. Parsons. For sale by C. E. Holton, druggist.

NO RIGHT TO UGLINESS

The woman who is lovely in face form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run down invalid. Only 50 cents at C. E. Holton's drug store.

SEVEN RUNNING SORES CURED

—BY—

Johnston's Sarsaparilla

QUART BOTTLES.

THE GREAT SPRING MEDICINE.

JOHNSTON'S SARSAPARILLA as a Blood Food and Nerve Energizer, is the greatest SPRING MEDICINE ever discovered. It comes as a rich blessing from heaven to the "worn out," the run down, the overworked and debilitated. That "tired feeling," those "sinking spells," the languor and despondency which arise from badly nourished nerves, from thin, vitiated blood and an underfed body, vanish as if by a magic spell. The weariness, lassitude and nervous prostration which accompany the spring-time and the heat of summer, are conquered and banished at once. For every form of neurasthenia, and all ailments of the brain and nerve, insomnia, hysteria and nervousness generally, it is almost a specific. It furnishes the very elements to rebuild worn-out nerve tissues. It feeds brain, nerve centers and nerves, calming and equalizing their action; it makes rich, red, honest blood. Newness of life, new hope, new strength follow its faithful use. It makes the weak strong, and the old young again.

It was the antiquated (but now happily exploded) method in the good old times, to treat **Salt Rheum, Scrofula, Cancer** and other troublesome disorders arising from **BLOOD TAINT** with powerful alteratives, such as mercury, arsenic and other mineral agents. It was expected by this treatment that the poison could be killed while the blood was left to course through its channels holding in its circulation the specific germs of the disease. But in this way, every part of the body became more or less diseased. Nothing can be more terrible than a horribly destructive blood taint. It not only attacks virulently the different structures of the body, but many times the bones are honey-combed and destroyed. It often seeks out the nerves and spinal cord, and again it will bring decay and death to some vital organ, as the kidneys, liver or stomach. There is only one scientific method for the cure of blood taint. That is, **PURIFICATION!** Every particle of the blood must be removed through the excretory channels, the lungs, kidneys, bowels, liver and skin. "First pure, then peaceable." The great restorative, reconstructive and vitalizer of the blood, **JOHNSTON'S SARSAPARILLA,** not only radically and exhaustively removes the taint, but also removes all mercury, calomel and other minerals, and fills the veins and arteries with the ruby, glowing current of vitality. "The blood is the life." Good health means pure blood. The old and reliable remedy, **JOHNSTON'S SARSAPARILLA,** is universally regarded as the greatest Blood Purifier ever discovered. This fact is now established beyond question or cavil.

LARUE, BENTON CO. ARK., Aug. 6.
I am 49 years old and have been suffering with Change of Life. I had flooding spells so bad that none thought I could live. My husband got me Wine of Cardui and it saved my life. I am like another person since taking it.
MRS. E. B. TOWNSEND.

WOMEN'S Wine of Cardui

It is the devout wish of nearly all people to live to a ripe old age. None of us want to die young. This universal desire can be realized if care be taken of the health in early and middle life. A little precaution then will add many years to our existence. Death can be kept away a long time. Happy, healthy old age will be the lot of the woman who promptly corrects the ailments which afflict her sex. In youth, Wine of Cardui will take the female child safely over the dividing line between girlhood and womanhood. As a wife she needs it to help her through the trials of pregnancy and childbirth with as little discomfort as possible. At the Change of Life it will help her over the dangerous place that appears in her pathway between 40 and 50. Then will come many years of truly blissful existence. She will grow old slowly and gracefully. To the last she will preserve that charm and beauty which are always characteristic of perfectly healthy grandmothers. It is for women alone to decide whether they will be healthy or sick. The remedy for their sickness is close at hand.

To Democrats.

We see from circulars scattered over the streets that a meeting has been called for tonight to nominate a ticket for Mayor and Aldermen in opposition to the regular Democratic ticket. The circular is unsigned, but it is safe to say that the republican party will make another effort to capture the the city government just at a time when it is about to be driven from power in State affairs.

Democrats will, of course, not be misled by invitations to attend, notwithstanding past party affiliations, for no fusion arrangements are desired this year.

Let all Democrats assemble in their various wards, as has been their custom for years past and as is provided By the regular plan of organization, and let them nominate the men who in their opinion are best suited for the positions of Mayor and Aldermen, and there is little doubt of the triumphant election of the men of their choice on the day of the election, for this is a Democratic city.

If the republicans wish to nominate a ticket tonight let them do so, but let no Democrat be misled by their tactics.

John Michaux,
Secretary.

C. H. Ireland,
Chairman Democratic Com.

Col. Al Fairbrother and wife, of Danville, were at Clegg's last night returning home from Durham. The colonel says the Daily Bee is making honey in these days of bursting buds and fragrant flowers.

HEADLESS SQUIBS.

Brief Mention of Matters More or Less Interesting.

Improvements are being made on the Greensboro Bargain House in the shape of awnings and additional room.

In the report of the hospital organization Saturday the treasurer's name was printed as Dr. John Thomas. This was an error of the printer. It should have been Dr. John Thames.

Let no Democrat fail to ge this name on the city registration books for the election May 7. There are signs of a fight being made on the regular Democracy. See to it at once that you are registered.

The members of Greensboro Lodge No. 80, K. of P., are requested to attend the regular meeting in their Castle hall tonight at 8 o'clock. A large attendance is desired, especially those who have promised to take part in the third rank team.

The report that Rev. S. Sevier authorized the publication of the article in this paper last week concerning a preacher named Merritt, is untrue. The writer of that article has not seen Sevier in several months, and he has never, at any time, authorized the publication of any statement in this paper.

The opinion among Democrats is that the scheme concocted by the enemies of the regularly organized Democracy in this city to put out a so-called "citizens ticket" for mayor and city aldermen, will hardly catch any of the Democrats. It is purely an opposition—a fusion scheme, and Democrats cannot afford to take any part in it.

THE OFT REPEATED STORY

TOLD AFRESH IN THE CHURCHES YESTERDAY.

Not a Very Long Report of the Services But a Brief Mention of Several.

At St. Barnabas the Easter music was repeated. For offertory Mr. T. J. McAdoo sang, as few can sing, "Light of the World:" His rendition of this fine composition was especially well suited to his rich baritone voice. The Rector's text was, "Peace be unto you." He pictured the upper room and the ten disciples gathered there, no doubt to wonder with each other over the appearance of their Master.

FIRST PRESBYTERIAN.

The First Presbyterian church is already supporting an evangelist in Ashe county, and at the morning service yesterday it was decided to support one in Alleghany county. Rev. J Allen Jones, the Ashe county evangelist, was present and made a satisfactory report of his work. At night Mr. Jones preached an instructive sermon.

CENTENARY METHODIST.

Pastor Wagg preached two good sermons at Centenary yesterday, morning and night. Owing to the very bad condition of the streets in that part of town, the congregations were small at both services.

WEST MARKET CHURCH.

Rev. Dr. Rowe used as his text yesterday morning the latter part of the twenty-fifth chapter of the gospel as recorded by St. Matthews. This passage of scripture refers to the day when the son of man shall sit upon the throne of glory and divide the nations of the earth, and the speaker dwelt particularly upon the words, "Come ye blessed of my father," spoken to those on Christ's right, and "Depart from me ye cursed," spoken to those on his left. The sermon was a plain but very forcible presentation of the gospel and was attentively listened to by a large congregation. The offeratory was very sweetly sung by Miss Mazelle Andrews.

GRACE CHURCH.

At 10.30 yesterday morning the pastor, Rev. Mr Johnson, preached his first sermon since his return to the city. The subject was "Impressions," and the sermon was heard attentively by the audience.

The singing of Sullivan's "Last Chord" by Miss Maude Hunter was an appreciated feature of the service. The attendance upon both church and Sunday school services was doubtless diminished by the threatening aspect of the weather earlier in the morning, but the prospect is good for the upbuilding of the church during the spring months. There was no evening service, due to the fact that the pastor has not yet sufficiently recovered his strength to take up the full burden of the work.

HARRY J. WATLINGTON DEAD.

Funeral This Afternoon at West Market Street Church.

For several months the life of our young townsman, Mr. Harry J. Watlington, has been hanging by a thread. Saturday night at 11:50 o'clock the thread snapped and his life went out Mr. Watlington returned from Florida about three weeks ago, where he had spent the winter in the hope that the mild climate there would improve his health. He was suffering with consumption and gradually grew worse. He realized that he was near the end of life's journey and wanted to come home to die. Mr. Watlington was in his 29th year and leaves a mother and sister, Mrs. Eugenia C. Watlington and Miss Hattie Watlington, who are the recipients of the tender sympathies of the community in their sorrows.

The funeral was conducted by Rev. Dr. L. W. Crawford, assisted by Rev. Dr J. C. Rowe, from West Market Street church this afternoon at 3 o'clock and interment made in Greene Hill cemetery. The floral offerings were elaborate and beautiful. The following were the pall bearers: C. G. Wright, C. P Younts, H. H. Tate, R. P. Gray, Alex Alford and Jno. S. Mchaux.

MR. GLENN A LOSER.

The Flood in Deep River Scoops in His Saw Mill.

Mr. R. G. Glenn came in from Glendon Saturday afternoon. He reports that the freshet in Deep river played general havoc. His saw mill was washed away as well as about thirty thousand feet of lumber that was ready for market. From his log landings along the river Mr. Glenn also lost about two hundred fine logs which were ready to be rafted to the mill.

The water had reached the highest notch in many years and was still rising when Mr. Glenn left the mill Saturday noon. From 4 p. m. Friday until 11 a. m. Saturday the water had risen 34 feet perpendicular just below Mr. Glenn's mill dam. About 9,000 feet of lumber, stacked 34 planks high in one pile, was picked up and whirled out in mid stream. It hung together in a remarkable manner and as it floated away Mr. Glenn mounted his horse and galloped to the railroad bridge, three miles below, where he hoped to catch it, but on reaching there he was astonished to learn from watchers that his lumber had already passed and was out of sight. It was held up several miles further down and steered into the mouth of Indian creek, where it is safe.

By daring and heroic work some of the most valuable parts of the saw mill were saved before the foundation crumbled and the whole plant was submerged. When the large building just across the river, in which the soapstone mills are operated, was put up several years ago it was thought to be above all danger from high water, but this time the record was broken and the first floor of the mill submerged.

Mr. Glenn says he is unable to estimate his loss as he does not know how much of his saw mill will be found, or how much of the lumber or logs will be recovered.

A colored woman reported that she saw a big pile of lumber floating through the old Indian graveyard, which is out some distance from the river.

The county road bridge at Gulf is almost a total wreck, while a part of the D & C. railroad bridge is gone near Glendon, and it will probably be twenty days before trains can make through trips.

The old Shields mill and the Sanders mill, on Bear creek, were washed away; also Carter's saw mill and cotton gin on the same stream. The old plank road bridge was washed away, and numerous other bridges and mills were badly damaged.

Picture Men in Trouble.

Saturday afternoon E. M. Caldwell and W. L. Winker were arrested in this city for violating the ordinance requiring a license to peddle enlarged portraits here, and tried before Mayor Taylor. They were fined $10 each which they refused to pay, and were sent to jail. That night they were given a hearing before Judge Shaw in habeas corpus proceedings. Judge Shaw held that the ordinance under which the mayor convicted them was not in conflict with the constitutional provisions in reference to interstate commerce, and the opinion of the mayor was affirmed.

Messrs. Caldwell and Winker appealed and gave bond for their appearance at court

Miss Dora Duty Jones.

This talented art lecturer will give her illustrated lecture on "Art and Life" at the Normal College next Friday night. The lecture is not one of the regular course of the college and admission will be 35 cents.

The Washington correspondent of the New York Times, says:

"One of the notable Lenten diversions attracting widespread interest has been the very excellent course of art lectures by Miss Dora Duty Jones, who has given a series of talks on modern English art and artists at the homes of various social leaders. The course came to a close this week at Mrs. Mayo Hazelsine's, where Miss Jones addressed one of the most fashionable and cultured audiences of the year on George Frederick Watts. This was one of the most interesting of the series, all treating of the remaissance of the art in England. Miss Jones is an able critic and a gifted writer.

"The data for these charming illustrated talks has been carefully culled by Miss Jones herself in repeated visits to the scenes of the artist's labors and success. The lecture of Thursday was especially interesting to a Washington audience by reason of the famous painting, 'Love and Life,' presented by Mr. Watts to the United States and now adorning the Corcoran gallery."

is where we stand in the lumber business. At the kicking post, as it were, in regard to prices.

First comes the owner of the timber. He just woke up to the value of it and wants double last year's prices. Then the sawmill man. He has not been making a fortune and thinks now he should share a little in the general prosperity

They say to us: "We must have so much for our trees and work." After a while it is "up to you." Don't kick. You don't suppose we have nerve enough to put up prices unless they had first been put up on us. No, indeed. But prices are NOT high. They have been to low and are just now getting reasonable. Your children will be glad to build at double the price it now costs you. It is a trite, but true saying, if you want to build, "Now is the time."

And ours is the place to get the stuff.

The best-informed men and women in the world use the AMERICAN MONTHLY REVIEW OF REVIEWS to keep well informed, and call it the "necessary" and "indispensable" magazine. In the busy rush of to-day ambitious men and women must know about the important questions of the month, and not only this, they want to know about them at the right time. When the whole country is puzzled over the gigantic combination of trusts, a well-informed article is printed in the AMERICAN MONTHLY, giving the facts, and its editor discusses the theory; when the Dreyfus affair is in everyone's mouth, the best story of Dreyfus and the great case comes out in this magazine.

Every month, in "The Progress of the World," Dr. Albert Shaw gives a comprehensive picture of the world's history during the previous thirty days. In the departments, the valuable articles and books that have been published during the past month are reviewed and quoted from, so that the readers of the AMERICAN MONTHLY can get the gist of them. In every issue nearly a hundred pictures are printed, including the portraits of the men and women who are making the history of the month.

To be thoroughly well informed helps any man or woman in his or her work. A subscription to the AMERICAN MONTHLY REVIEW OF REVIEWS represents an investment for the best kind of profit, as well as entertainment.
